

You can choose to sponsor a girl fully where we give you a case to support through either secondary education or vocational training or college; but you can also opt to co-sponsor a girl, contributing a portion of what is required for an individual girl and we match it with another sponsor's contribution, alternatively we can find a girl who is already enrolled in school but without a sponsor.

In case you are interested but still need some guidance and additional information or if you have already decided that you have the means to support one of our girls all you need to do is email us at empowerment@rescuedada.net.

With your sponsorship, you will receive:

- A photo of your sponsored girl
- A short, introductory letter from your sponsored girl
- Regular progress reports from the girl's school
- The chance to make a lifelong connection. Many sponsors and girls have stayed in touch for years, even after graduation

*"become a sponsor
today and give a girl Education"*

BECOME A SPONSOR TODAY AND GIVE A GIRL EDUCATION
HELP US EMPOWER FORMER STREET CONNECTED GIRLS TO
ACHIEVE THEIR FULL POTENTIAL THROUGH EDUCATION AND
TRAINING.

*Empowering street connected girls to achieve their
full potential.*

BECOME A SPONSOR TODAY AND GIVE A GIRL EDUCATION

Our Vision

To contribute to an inclusive Society where vulnerable children have equal rights and opportunities to achieve their full potential.

Our Mission

To reduce the number of streets connected children within Nairobi, focusing on girls, by empowering girls to achieve their full potential and increasing the livelihood security of caregivers.

Our Story

Rescue Dada Centre's legal holder is the Catholic Archdiocese of Nairobi. The Centre was established in 1992, as a two roomed rescue operation in Mathare slums. However, soon it expanded to a Centre rescuing, rehabilitating and reintegrating street connected girls. Today we have grown into an experienced, registered Charitable Children's Institution (CCI), focusing on short term rehabilitation and family reintegration.

Sponsorship program

The RDC Sponsorship Programme facilitates girls, who have undergone RDC rehabilitation and whose families are not in a position to pay for the same, access to secondary school, vocational training or college in order to realize their educational potential and/or ensure they are able to secure their livelihood.

Call for sponsorship

We are calling on people who can commit themselves to support a girl throughout her secondary school education, in vocational training or college.

Education is not only one of the rights of every child but the basis for a good future.

Through sponsorship you will provide the opportunity of education in secondary school, college or vocational training to a former street connected girl who already passed through rehabilitation in RDC.

Through your sponsorship you will provide the funds for either

Secondary School Sponsorship		Vocational training fees	College Fees
Day school	Boarding school	15,000 KSh to 25,000 KSh /per term depending on the course and institution.	20,000-35,000 / per term depending on the course and the institution.
11,500 KSh per term / 34,500 KSh per year	19,700 KSh per term / 59,100 KSh / year		

The amount includes school fees, admission fees, tuition, meals, school supplies, shelter (if boarding), healthcare necessary to keep a girl in quality education or training that she would not otherwise receive.

Costs for vocational training and college might vary and can only be calculated case by case upon request.
